

EFFORTLESS ELEGANCE...

TRANSFORM YOUR SPACE INTO A COOL NEO-CLASSICAL ENCLAVE WITH STUDIO CERAMICO.

Choosing the right tile ensures that your home will reflect your exquisite taste for years to come. Getting it wrong, however, can be a costly mistake.

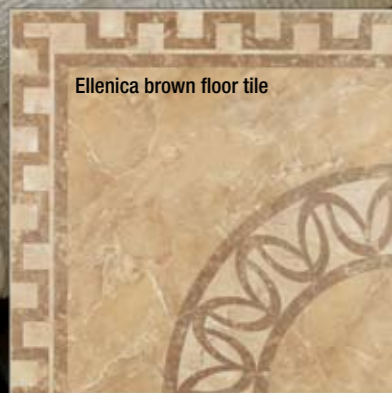

CTM, SA's largest tile and décor store, understands this and brings you Studio Ceramico, a specialist studio dedicated to tile design. Studio Ceramico's research and design team is constantly keeping an eye on international tile trends – from the latest fashions to timeless mega-trends.

Each range is carefully coordinated and beautifully presented. Finding your favourite look becomes an effortless

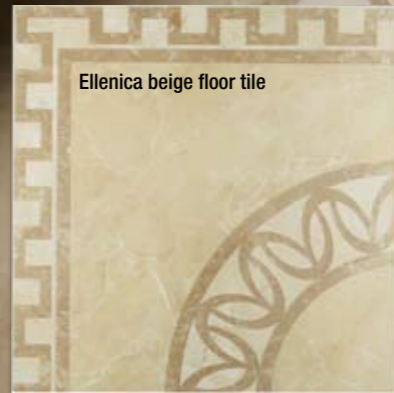

pleasure, even for the most discerning decorator.

With its high-gloss finish, the Ellenica range (seen here), which resembles marble and is adorned with Grecian patterns, is fit for a goddess. Combine it with decorative trimmings and it transforms any floor into a work of art.

Studio Ceramico isn't just about buying a look. You're also investing in lasting, premium quality. Explore Studio Ceramico at your nearest CTM or take a sneak peak at www.ctm.co.za. With Studio Ceramico, you'll simply love the end result – for a long, long time.
