

THE FEEL-GOOD FLOOR

ADD A NATURAL TOUCH TO YOUR HOME WITH CTM'S RANGE OF ELF LAMINATE FLOORS.

When CTM decided to stock laminate floors they knew that only the best would do, which is why they selected the best ranges from the best factories in the world and created Elf.

Every Elf product is put through the Elf Test and is only selected if it scores 10 out of 10. CTM is so confident in their product selection that they are happy to endorse the factory guarantee with their own. Elf flooring comes with either a 15- or 20-year guarantee.

With the new Elf Naturals collection, a range of laminated flooring that comes in 16 gorgeous natural tones, you can purchase a truly warm, welcoming flooring solution.

Whatever your colour choice – from English Rosewood to Burmese Teak – Elf Naturals will be able to recreate the ambiance and feel of natural wood at a fraction of the price. Plus, you'll get all the added advantages of Elf: it's resistant to wearing, staining, burning, impact and fading, easy to clean and maintain, hygienic and anti-allergenic, kind to the environment and quick and easy to install.
